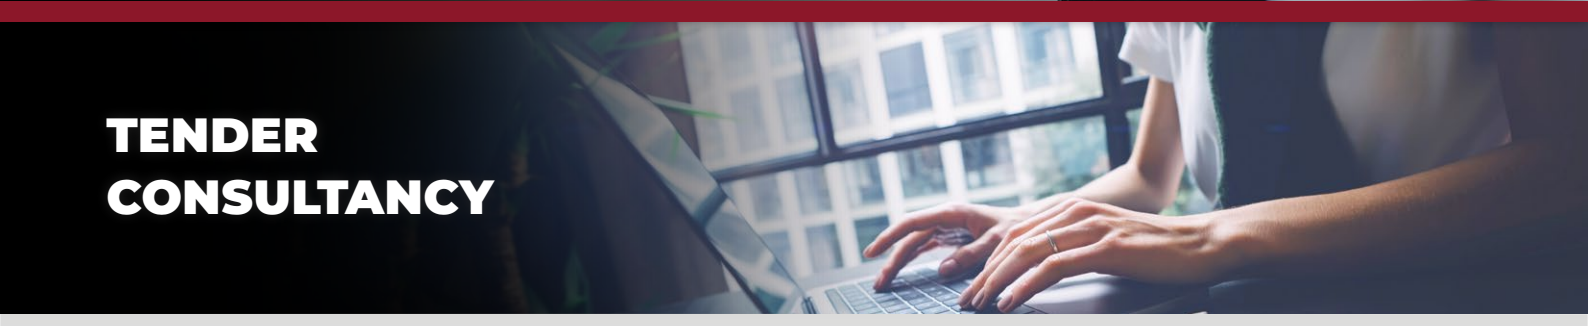
TENDER RESPONSE

THE PUBLIC SECTOR SALES SPECIALISTS, HELPING YOU TO FIND MONEY AND MAKE MONEY.



TENDER CONSULTANCY

Spanning our three core services, our team of consultants will guide and support you on your Public Sector Sales journey. We can help you to qualify your market position, identify who your competition is, benchmark your company and its certifications against public sector requirements and more.

BID SUPPORT

Finding, qualifying and responding to public sector tenders and grants

TENDER ANALYTICS

The power to predict market trends, council spend and competitor insights

GREEN RESPONSE

Complete suite of carbon emission reporting that's compliant with public sector standards

BID SUPPORT

Four Key Areas

Tender Finder

For a fixed monthly fee, we will review the portals in search of any contracts that may be relevant to you. Including any paid memberships that your business subscribes to. The frequency of our notices can be weekly, fortnightly or monthly depending on your chosen plan; starting from a nominal monthly fee.

More information

Tender Write

We work as a contractor to your business, utilising any downtime that your key members of staff have such as travelling between appointments, to ask questions about business process, approach to this particular solution and what key elements are your USP's that will resonate with the client. We pull together the written response for all of the questions including bid management of any contributing party such as your suppliers and your clients (if we need references).

Tender Read

We offer proofreading services for the same fixed fee where we read your response and highlight areas for improvement to strengthen your response. This is fixed fee at £500.

More information

Grant Finder & Writer

Search for grants free of charge that covers UK (local and national) funding options for businesses, charities, NFP and CIC.

TENDER ANALYTICS

The Power to Predict

Knowing where your contracts are is one thing, but being able to go back and review historic data is another. Within the Tender Analytics Team, we're able to pull out specific data on your target clients, competition and wider industry.

Choose between subscription or one time reports.

GREEN RESPONSE

Supporting Businesses to Achieve NetZero Since 2020

NET ZERO

notch

Responding to public sector tenders comes with compliance in several areas – one of which is Carbon Reporting. The first step is Carbon Reduction Plans which Tender Response can help you to complete for £99. Carbon offsetting (or carbon credits) can be sourced with our partner Skoot and our Notch Carbon Emissions Reporting is the market leading software.
