Investment & Funding

RHF collaborates with you to secure equity investment or debt funding through our extensive established network of investors and funders. We will guide you through the entire process from start to finish, enabling you to focus on running your business. Over the past 25 years, RHF has crafted a systematic set of guidelines detailing the prerequisites for gaining investment in your company or brand.

With our expertise and successful track record in fundraising, you will be well on your way to securing the funding necessary to take your business to the next level.

We connect you with an investor best suited to your business priorities, whether it is a local company, an international investor, or an angel investor.

Broader Growth Services

Recognising that capital alone is not sufficient, RHF goes beyond investment, offering a range of services to expedite business growth.

Franchise Consultancy

RHF boasts extensive experience working with both franchisees and franchisors, guiding, and supporting them through the complexities of modern franchising. If you are considering franchising your business, we can assess its viability, assist in brand strengthening, secure intellectual property rights, develop a business plan. This preparation ensures the execution of a successful sales and franchisee recruitment plan.

Mergers & Acquisitions

If you are contemplating buying, selling, or merging a business, RHF is here to assist. We help companies strategically increase their size or diversify through acquisition or consolidation, utilizing deal-making to accelerate growth. Our expertise lies in advising businesses on formulating and implementing 'growth to exit' strategies, whether it is scaling, acquisition, merger, or maintaining independence. We also provide due diligence services, thoroughly evaluating prospective companies, coordinating processes, and assessing prices.

International Business Development

Entering new markets can present complex financial and operational challenges. RHF leverages over 20 years of experience in cross-border development across various industries, scaling sales and services to new international markets. We use a robust decision-making process to identify opportunities, secure funding, and select target markets, building secure, sustainable, and well-conceived businesses.

Marketing

Our extensive experience drives our creative problem-solving approach. We disrupt conventional processes to drive growth through a fresh perspective, providing support to client sectors ranging from IT and SaaS to Trade Associations. We generate customer-friendly ideas and execute them for commercial growth.

If your team lacks the resources or experience to implement our ideas, we are here to help with services ranging from branding and innovative graphic design to website development, PR, and Social Media.

Business Mentoring and Strategy

If you have a business dream, RHF's team of accredited mentors and strategists can guide you through the process of making that dream a reality, helping you identify opportunities and navigate potential pitfalls.

Rejuvenate Your Business

If your business has hit a plateau or lost its passion, RHF is here to help. We specialize in unique, imaginative ideas that propel your business to the next level. If you need expert marketing guidance but cannot afford a full-time hire, our one-off 'Ideas' sessions are the perfect solution.
