

Coaching for Everyone Not Just for Leaders

Coaching for Everyone Not Just Leaders

At Cherry Tree Grove Consultancy, we believe coaching should be accessible, not exclusive.

That's why we offer one-to-one coaching at just **£35 per hour** making professional support available to anyone who wants to grow, not only senior managers.

Why It Matters

- **Affordable & Inclusive:** Coaching is often priced out of reach, but we've designed our approach so individuals, small businesses, and growing teams can all benefit.
- **Support Beyond Leadership** – Whether you're a team member, specialist, or business owner, coaching helps you build confidence, set goals, and unlock new ways forward.
- **Practical & Personal:** Sessions focus on your real challenges and opportunities, giving you tools you can apply immediately in your role and daily life.

*Because growth shouldn't be reserved for the few,
it should be available to everyone.*
