## I know my apples...

Or so my clients say but, don't take my word for it.

Have a flick through and see for yourself.

# Chris Davies

Excellent service from start to finish. Andrew knows his apples when it comes to Audio and Visual tech. Running my business seminar theatre at The Print Show. Also very easy to work with, would highly recommend.

## Eva Panjan

Great experience renting audio equipment!  
Andrew was extremely helpful, knowledgeable,  
and made the whole process easy.  
The gear was top quality and  
everything worked perfectly.  
Highly recommend!

# Chris Hartwell

Soundcheck AVS provided an imaginative solution to support the event we hosted in our Grade I listed building. Andrew's personal attention gave our client confidence and helped make the event a well-received success.

## Kate Adams

Absolutely professional on every level! Andrew makes his job look easy, but I've no doubt his years of experience, meticulous planning and easy going attitude all contribute to this.

Thank you for supporting our very 1st conference.

I hope our paths cross again soon.

# Colin McDermott

I've worked with Andrew for a couple of years now at The Print Show where I've recorded a live podcast from the event. He's always been a pleasure to deal with and the quality of the work he's helped me produce has been excellent. He takes the worry out of the process for me and I look forward to working with him again in the future.
